**Extinguishing Media:** Water, dry chemical and foam

**Special Fire Fighting Procedures and personal protective equipment:** Keep personnel away and upwind of fire. Use self-contained breathing apparatus with full face mask.
Unusual Fire and Explosion Hazards: Decomposition products may include various hydrocarbons, carbon dioxide, carbon monoxide and water. Fumes of metal oxides particles could also be released.

Copper dust may be combustible

6. ACCIDENTAL RELEASE MEASURES

The product does not represent a risk of spillage.

Cleanup and Disposal of Spill: Gather paste and dispose of it in a certified hazardous waste disposal site. Wear suitable respiratory protection and protective clothing (see Section 8). If significant quantities of this material enter the waterways, contact the Federal, State, or local Environmental / Waste Management Authority. Dispose of waste in accordance with local, state and federal regulations.

7. HANDLING AND STORAGE

Handling: Wear closed chemical resistant shoes and gloves during manual handling and storage operations.²
